PROFESSIONAL SUMMARY

Frontend Developer with a strong foundation in Computer Science and hands-on training in modern web development. Skilled in building responsive, accessible, and user-centric web applications using React.js, JavaScript (ES6+), HTML5, and CSS3. Experienced with Tailwind CSS and Bootstrap, version control using Git, and working with REST APIs. Passionate about writing clean, maintainable code and optimizing performance across browsers.

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, Tailwind CSS, Bootstrap

Tools & Platforms: Git, GitHub, VS Code, NPM

Web Concepts: Responsive Design, REST APIs, UI/UX Fundamentals, Cross-Browser Compatibility

PROJECTS

Personal Portfolio Website

Technologies: React.js, Tailwind CSS

- Designed and developed a fully responsive personal portfolio using React functional components.
- Implemented reusable components and React Hooks for state management.
- Optimized website performance and ensured compatibility across modern browsers.

Weather Application

Technologies: JavaScript, Bootstrap, REST API

- Built an interactive weather application displaying real-time data from an external API.
- Designed clean and user-friendly UI layouts using Bootstrap.
- Managed source code and version control using Git and GitHub.

EDUCATION & TRAINING

Professional Web Development Training [2025-Present]

Cyber Square, Calicut

- Intensive training focused on Mern Stack development, JavaScript, and React.js.
- Hands-on experience building real-world projects and participating in code reviews.

Bachelor of Science in Computer Science [2022-2025]

University of Calicut

Relevant coursework: Data Structures, Database Management Systems, Software Engineering.
